About this directory

This directory lists hospitals, primary care providers (PCPs), behavioral health providers, chiropractors, eye doctors and ancillary services. Listings are by the city the office is in.

Ancillary services are types of services your provider may want you to get to help find or treat an illness or injury. X-rays, labs, therapy, rehab and nursing care are ancillary services.

The directory also lists specialists. Specialists are providers focused on one area of medicine. For example, a provider who cares for the heart is a heart specialist. Specialists are listed first by specialty, then by city.

For the most recent version of the provider directory, visit us online at unicare.com/medicaid. If you'd like a copy sent to you, call us at 1-800-782-0095 (TTY 1-866-368-1634). We'll mail you one within five days at no cost to you. If you have questions, please call our Customer Care Center toll free at 1-800-782-0095 (TTY 1-866-368-1634).

You need to choose a provider who is a PCP

Please choose a primary care provider (PCP) who meets your needs. You may want to choose a provider with an office close to your home. Or you may want a provider with staff members who speak your primary language. PCPs are listed by last name and the languages spoken at that office. You don't need to call the provider's office before you make your choice.

For each provider, you'll find:

1. The doctor's specialty. This could be family practice, general practice, internal medicine, pediatrics or OB/GYN.
2. Office hours.
3. The provider's PCP #. **THIS IS A VERY IMPORTANT NUMBER.**
 - After you choose your PCP, write the PCP # and your daytime phone number on your Primary Care Provider Selection form.
 - The provider you choose may have more than one PCP #. **Use the PCP # assigned to the provider's office you will visit.** If you don't choose a PCP when you enroll, we'll choose a PCP for you.
 - Family members may go to different PCPs. Choose a PCP for each family member.
4. The hospital the provider can send you to for care.

You can find our provider directory at unicare.com/medicaid.

This symbol (♦) means the provider is not taking new patients at this time.

This symbol (●) means the office is accessible to wheelchairs and walkers.

- You're already a patient of a provider who is not taking new patients. (You may be able to pick a provider who is not taking new patients if that provider was your primary fee-for-service provider.)

Hospital accreditation

Hospital accreditations can be found in the “*Hospitals*” section. Accreditation means that a hospital lets an agency, not part of the hospital, review whether that hospital meets established health and safety standards.

A hospital's accreditation status is reviewed by:

- The Joint Commission (TJC)
- Health Care Facilities Accreditation Program (HFAP)
- National Integrated Accreditation for Healthcare Organization (NIAHO)
- Commission on Accreditation of Rehabilitation Facilities (CARF)

Credentialed hospitals are reviewed every three years. This is called “recredentialing.” Any status changes reported by the hospital are reported in this directory as soon as possible.
